Collections Update

The following is a summary, as of September 16, 2020, of our consolidated collections of rent billings, including minimum rent, operating expense recoveries, and real estate tax recoveries for the quarter ended June 30, 2020 ("Second Quarter"), July 2020 and August 2020:

Second Quarter 2020

- 81% of Second Quarter 2020 total billings have been paid by our tenants.
 - 76% from retail
 - 94% from office
 - 100% from residential
- Additionally, we have granted rent deferrals comprising approximately 10% of Second Quarter billings (or 51% of the unpaid balance) including 4% with anchor/national tenants. The executed deferrals typically cover three months of rent, and are generally scheduled to be repaid during 2021 and 2022. As a condition to granting rent deferrals, in many cases, we have sought and received extended lease terms, or waivers of certain adjacent use or common area restrictions.

July 2020

- 89% of July 2020 total billings have been paid by our tenants.
 - 86% from retail
 - 94% from office
 - 100% from residential
- Additionally, we have granted rent deferrals comprising approximately 2% of July billings (or 21% of the unpaid balance) including 1% with anchor/national tenants. These deferrals are structured similarly to the Second Quarter deferrals.

August 2020

- 88% of August 2020 total billings have been paid by our tenants.
 - 85% from retail
 - 92% from office
 - 99% from residential
- Additionally, we have granted rent deferrals comprising approximately 1% of August billings (or 11% of the unpaid balance), primarily with anchor/national tenants. These deferrals are structured similarly to the Second Quarter deferrals.

Although we are and will continue to be actively engaged in rent collection efforts related to uncollected rent, and work with certain tenants who have requested rent deferrals, we can provide no assurance that such efforts or our efforts in future periods will be successful, particularly in the event that the novel coronavirus (COVID-19) pandemic and restrictions intended to prevent its spread continue for a prolonged period.

As of September 16, cash collections of September total billings are ahead of cash collections of July and August total billings, as of July 16 and August 16, respectively. However, there can be no assurance that cash collections for the remainder of the month of September or any future period will continue to be paid at or in excess of the current rate.

The Waycroft Update

In the first week of April, we delivered The Waycroft, comprised of 491 apartment units and 60,000 square feet of retail space, on North Glebe Road, in Arlington, Virginia. As of September 16, despite the headwinds of the COVID-19 pandemic, we have executed 241 residential leases, totaling approximately 49% of the available units, and 228 units are occupied. The addition of the Waycroft nearly doubles the residential component of our portfolio to 1,006 luxury residential units. The project is anchored by a 41,500 square foot Target store, which commenced operations in August 2020. An additional 5,900 square feet of retail space is expected to become operational during the second half of 2020.
